Restrict access

Summary

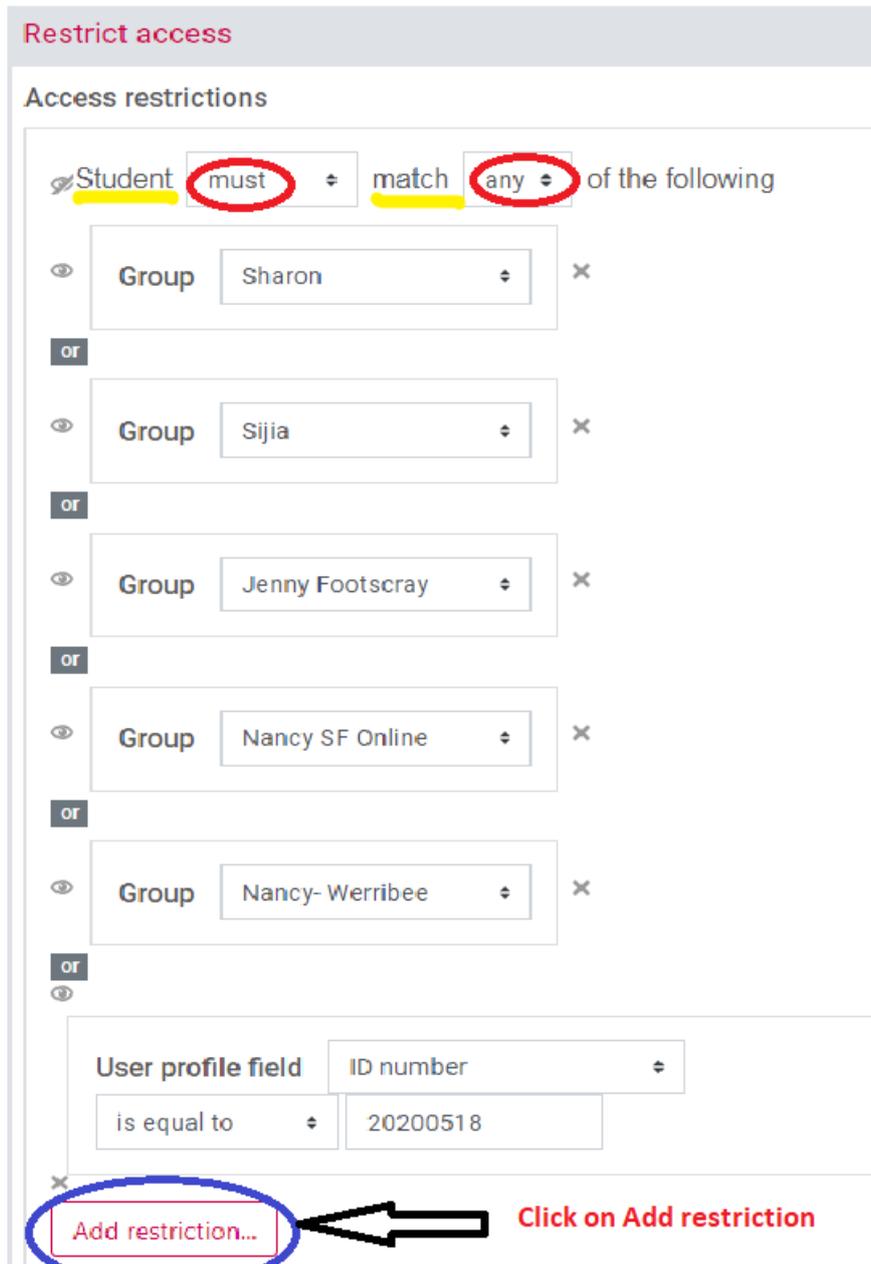

WELCOME to MyAMES WEEK 4 !
In Week 4:
Learn Words about people and clothes.
Read a story and do activities about 'My daughter Emma'.
Assessment VU22585 - **Task 2** *Letters and Words*

Step 3: Once you click on restrict access drop down menu as shown below appears. Make sure to change student field to must and match any.

Step 4: Click on add restriction which is present at the bottom of the page

Step 4: After you select add restriction it gives you a different option,

A) If you want to select the entire group click on the group as shown below

Add restriction...

Activity completion	Require students to complete (or not complete) another activity.
Date	Prevent access until (or from) a specified date and time.
Grade	Require students to achieve a specified grade.
Group	Allow only students who belong to a specified group, or all groups.
User profile	Control access based on fields within the student's profile.
Release code	This course item will not be available to students until the student acquires a specific release code.
Restriction set	Add a set of nested restrictions to apply complex logic.

Cancel

B) If you want to select a single user click on user profile as shown below

Step 5: Once you select a group you will find a drop down arrow from which you can select the required group. If multiple groups are present select appropriate group

Hide or Unhide

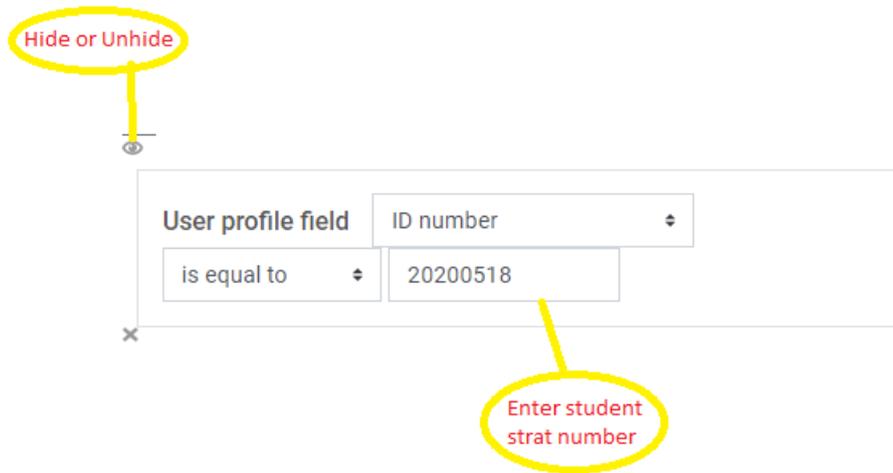

or

Group Choose... Please set

Add restriction...

Select the required group

If you select individual user click on the Id number which is strata number of the student

Step 6: Once all the changes are made click save.
